About

Senior Learning Experience Designer with 4+ years of experience across instructional design, learning and development, training delivery, and UX-informed learning design. Specializes in designing end-to-end learning solutions that connect business objectives and learner needs with practical, engaging experiences. Skilled in Training Needs Analysis (TNA), curriculum development, gamification, scenario-based learning, e-learning, assessment design, and interactive training materials. Combines educational expertise with UX/UI design to create learner-centered solutions across corporate training, digital learning, and experiential workshops.

Professional experience

Skills Bank | Senior Learning Experience Designer — Mar 2026 – Present

- Design end-to-end corporate learning solutions, translating business requirements and learner needs into structured training programs and practical learning deliverables.
- Develop training outlines, facilitator notes, learner materials, assessments, interactive activities, and performance support resources.
- Analyze existing content, identify learning gaps, and reorganize materials to improve instructional flow, relevance, and usability.
- Apply scenario-based learning, gamification, and adult learning principles to create engaging, application-focused training experiences.
- Develop training evaluation tools and collaborate with SMEs, trainers, and stakeholders to align deliverables with client requirements.

Sansusī | Instructional Designer – Youth Development Programs, Latvia — Nov 2025 – Feb 2026

• Designed and facilitated Erasmus+ learning programs for multicultural youth audiences.
• Developed workshop materials and contributed to project writing, learning content, and program documentation.
• Collaborated with international teams to deliver learner-centered learning experiences and improve participant engagement.

SMN | Instructional Designer – Youth Development Programs, Bulgaria — Jan 2025 – Oct 2025

- Designed and delivered interactive workshops focused on communication, wellbeing, and personal development.
- Translated learning objectives into practical exercises, group activities, and learner-centered materials.
- Adapted facilitation methods to different group dynamics and supported collaborative learning in a multicultural environment.

Xceed | Learning & Development Specialist — Dec 2022 – Dec 2024

- Supported the design and delivery of onboarding, customer service, and communication training aligned with operational requirements.
- Conducted Training Needs Analysis (TNA) and collaborated with SMEs to develop learning materials and performance support resources.
- Facilitated instructor-led and virtual training, adapting activities and explanations to learner needs and workplace scenarios.
- Reviewed participant feedback and training effectiveness to identify opportunities for improvement.

UI/UX & Graphic Designer | User-Centered Design (Part-time) – Deltana **Apr 2023 – Oct 2024**
Portfolio: behance.net/cd5e05d9

- Designed UI screens and marketing visuals for 5+ client projects using Figma and Canva.
- Conducted light user research and competitor analysis to understand user needs.
- Delivered 30+ visual assets across social media, branding, and digital platforms.
