Customer Moments

Different people. Real situations. What would you do?

Read each customer situation. Your team will choose one to work on.

01

The Card That Hasn't Arrived

A customer is leaving for a trip in two days. Their replacement card has not arrived, and they want to know what they can do before travelling.

02

Still Locked Out

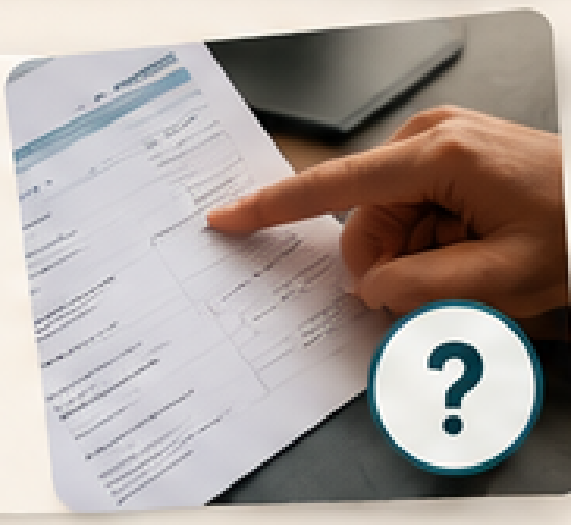

A customer has tried to sign in to the mobile app several times. They need to make a payment today and are worried about missing it.

03

An Unexpected Charge

A customer sees a fee on their statement that they do not understand. They want to know what it is for before deciding what to do next.

04

The Call That Never Came

A customer was told they would receive an update, but no one contacted them. They are calling again because they still do not know what is happening.
